Production Accounting – The Company

Canlin Energy Corporation is a privately held, long reserve life, natural gas weighted producer in the Western Canadian Sedimentary Basin. Our E&P business produces over 40,000 boe per day from predominantly operated wells, infrastructure, and facilities. Canlin's key priorities are running a safe and sustainable business, focusing our portfolio, improving productivity, generating value from our midstream assets, and investing for growth and value. All positions at Canlin require a commitment to high levels of excellence in respect to HSE, reinforcing our corporate Core Values of Excellence, Trust, Respect, and Responsibility. The Production Accounting group strives for a challenging and inspiring environment that embraces teamwork and collaboration. It consists of a great network of people, many of which have been with the organization for several years. Outstanding People, Outstanding Opportunities.
